

"If you ever paid 49 cents to mail just one or two pages... you need this information."

The reason I'm writing... is to let you know about a way you can slash your postage cost by 30%... possibly even more. Also, how you will cut in half the time it takes you to put together your mailing.

I've been in mailorder since 1969... but... you know what?

In those days, it took me a solid week to address, stuff, and stamp a thousand envelopes. Now, I can do it in 12 to 15 hours. And, with some simple changes in the way I put together my mailing, I can do it in 6 to 8 hours.

Want to know the really cool part? Instead of paying 49 cents each to mail them... my postage averages less than the cost of mailing a postcard. That's a total savings of \$150 to \$200 per thousand.

And this is NOT bulk mail or expensive presorting suitable only for big volume mailers. And it has nothing to do with stamp clubs or paid mailers.

This is FIRST CLASS MAIL!

Whether you're mailing one, or a hundred at a time... save 15 to 20 cents each. All you do is stick on the stamps.

In forty years, I also picked up some other postage saving tricks. So... I put them all into a special report... "**How to Slash Postage Now!**" No matter if you are a very small mailer or a heavy hitter... these advanced guru secret methods will save you a ton of money.

"**How to Slash Postage Now!**" is priced reasonable, considering what it will save you, only \$10 postpaid.

I'd love to send you a copy. Just drop \$10 (in any form, cash, check, stamps) into an envelope and mail it to:

Grover L Allen PO Box 10025 Prichard AL 36610

PS: Don't fall for the 3 cent postage scam letter still going around. I'm including a copy of their whole plan right in with this report, (the plan they charge \$35 to \$50 for.)

PPS: Plus... order right away, and I'll be persuaded to include a FREE DEALERSHIP. Make yourself a little extra money selling this special report to others.
