

Help Mail Our Sales Letters and...

We'll Pay You Up To \$1,760 Each Week

Hello. My name is Clarence Rockwell.

I've been happily working at home for over 15 years. I work a few hours a day 3 or 4 times a week and regularly make over \$100,000 a year. I do it by taking part in ready-made home income programs that anyone can join. No experience or special skill is needed.

Of the many home income programs available, a small percent actually are excellent. I know many other people who take part in them and make more money working part-time at home than most people earn with a full-time job. A few of us have gotten together and made it easier than ever for you to get a share of this income.

Why We Are Paying People To Help Us

Several weeks ago a friend in this business told me about an extraordinary program called "Easy Hundreds". He said that **it pays more money and does it faster than any home income program he ever tried before.** Members receive instant \$100 payments followed by streams of \$100 payments generated by people who get sponsored below them.

I immediately joined and tried it myself. On the day I started, I received my initial investment back **plus \$173 more.** Since then my income has increased every week. My friend was right. It really is the best program I have ever been in.

It can be promoted by mail, which I prefer because it's so simple. But customers must pay on the Internet, and the program's instructions and products are there too. That leaves out hundreds of thousands of people who would like to make money without having to use the Internet. I thought there must be a way to include those people too.

I got together with some mail order business friends to solve that problem. Each of us has made hundreds of thousands of dollars from income opportunity mail order programs in past years, so we know what it takes for such a program to work.

Just Mail Letters And Get Paid 3 Ways

The mailing program we created turned out better than we ever imagined. It's exceptionally profitable for members because none of the money paid by customers is taken for program administration or owner profit. **All of the profit goes to the mailers!**

Our "Easy Paychecks Program" pays you immediate income two ways plus additional ongoing income from mailings done by people under you. All orders are automatically processed and

filled for you. All you have to do is mail letters like this one to people who would like to earn money from home. There are millions of them, and they are easy to reach.

- (1) **You get \$40** for every \$67 Easy Paychecks sale that results from your mailings.
- (2) **You get \$60** for each \$100 Easy Hundreds sale that results from your mailings.
- (3) **You get \$40** for each \$100 we receive from mailings done by people who your mailings bring into the Easy Paychecks Program.

Notice that for each \$100 sale, \$60 goes to the mailer and \$40 to his sponsor. For each \$67 sale, \$40 goes to the mailer and \$27 pays for fulfillment. We don't get to keep any of the money from Easy Hundreds sales or Easy Paychecks sales. **Mailers get ALL of the profits.** That's so you're delighted with your income and keep on mailing. We like it because we're the sponsor when people join Easy Hundreds online, giving us huge ongoing streams of income.

Look How Your Money Adds Up

Here's an example to show how Easy Paychecks works. We will assume a 2% response rate so you can compare it to examples in other programs. Assume you mail 100 sales letters and 2 customers buy the Easy Paychecks Fast Start Kit with elite membership. Assume that the second person goes on the Internet and buys the Easy Hundreds product as well. Your commission on those 3 sales is \$40 + \$40 + \$60 for a total of **\$140**. But that's not all.

Assume your 2 customers mail the sales letters in their Fast Start Kits and produce just one \$100 Internet sale between them. You get \$40 from that, bringing your total up to **\$180**. And that's still not all.

Ongoing Passive Income

As the Easy Paychecks members below you continue to mail, we continue to pay you \$40 for each Easy Hundreds sale they produce for us **without limit**. For example, if your first customer mails 1,000 sales letters and generates 10 \$100 sales, we pay you **\$400**. That brings your total revenue for this example up to **\$580**. And all you mailed so far is **just 100 letters!**

You can go ahead and mail 1,000 or 2,000 or as many as you choose as often as you like. We have made arrangements so you can conveniently order the printing and mailing done for you. **Making money can't get any easier than that.**

The directions also show how to get people to inquire about making money from home. When you mail to inquirers, you get 5 to 8 times as much response to your sales letters – with up to 16% of your prospects becoming buyers. This can bring you **HUGE** profits.

Pay checks for Internet sales are sent to mailers twice a month. (\$2.50 per check is deducted for processing and postage.) For mail orders, you get the actual \$40.00 checks and money orders received by the fulfillment center. They are forwarded to you each week along with the customer names and addresses so you can mail other offers to them.

Read What People Say

"I made a lot of money with programs you recommended before, yet Easy Paychecks beats them all. Making money is fun, and this is going to be a lot of fun."

T. Saunderson, NY

"Thank you so much for creating such a wonderful program. 60% commission on 2 offers is great to start with. To also get 40% commission on sales produced by other people is awesome."

K. Jacoby, MS

"I've been doing well with Easy Hundreds, but in a limited way because I'm new at Internet marketing. I was hoping someone would adapt it to mail order, and now you have. I jumped out of my chair when I saw that it pays \$40 on my sales and on other people's sales on top of the easy \$100's payments. I love it because there are no spam laws for regular mail. I can mail as much as I want."

F. Everly, CA

"I've been selling income opportunity offers by mail for years. Starting kits have always been my fastest sellers. But your Easy Paychecks Fast Start Kit blows away the others. As I see it, I get 60% commission up front (\$40 on \$67 sales) with an upsell that pays an extra \$60. Then on top of that, I get 40% on \$100 sales made by people below me. That's amazing! I'm really excited."

Welcome To A More Prosperous Life

An extra \$1,000 or more per week can do wonders for your lifestyle. Your money worries vanish when you know you can generate income any time to pay your bills and buy the extra things you'd like for yourself and your family. With more income you can dine out more, go to nightclubs and concerts, and take vacations when you please.

I recommend that you keep your regular job at first, but you may soon find that you no longer need it. You can then decide to **work much less and have plenty of leisure time** to spend with your family and to do the things you enjoy.

The \$1,760 per week mentioned earlier is only an example. Some of us make much more than that by mailing more letters, getting more inquiries, or mailing additional offers to prospects. All of our methods are explained in the instructions that you'll receive.

Millions of people would like to earn money from home and don't know that there's an easy and practical way to do it. Some have lost their way because they fell for one or more of the many advertised moneymaking programs that don't work. They need to be rescued by an Easy Paychecks letter from you. It's a joy to have a business in which **the more people you help, the more money you make.**

How to Get Started Fast

Our **Fast Start Kit** gets you started fast. It consists of instructions and 50 self mailers that are addressed to prospects who are interested in earning money from home. You write your name and ID number on each one, tape them closed, add postage, mail them, and get paid in the 3 ways described. Then follow the directions to continue making money.

It's free to join Easy Paychecks and earn 60% on all Easy Hundreds and Easy Paychecks sales from your mailings. But you must upgrade to Elite status to have sponsorship rights. Then your customers will be sponsored by you and you'll get \$40.00 for each Easy Hundreds sale

their mailings produce for us. The elite upgrade costs \$40.00.

The Fast Start Kit costs \$47.00 when purchased alone, but you save \$20.00 when you purchase it along with the elite upgrade. You pay just \$67.00 for both of them together. California residents must add \$2.00 for sales tax on the Fast Start Kit.

Please complete the order form and mail it to the MSI Fulfillment Center with two checks or money orders that are payable as directed in the order form. The last line on the order form is for the name you want on the checks and money orders that you'll receive.

WE GUARANTEE that you will like the program and be happy with the Fast Start Kit or you can return it within 90 days for a full refund of its purchase price.

Special Bonus: Order today and receive 10 extra mailing pieces with addresses. You'll get 60 instead of 50. This gives you the chance to **make more money right away.**
